

Scout, Screen & Secure top talent

www.zugvogel.com

Back-End Web Developer

We are looking for an outstanding back-end Web Developer with a passion for programming and writing beautiful code. The right person will thrive in a fast paced environment, and is able to learn rapidly and master diverse web technologies and techniques.

What you love to do:

- Write clean, maintainable and efficient code (Python)
- Design robust, scalable and secure features
- Contribute in all phases of the development lifecycle
- Follow best practices (test-driven development, continuous integration, SCRUM, refactoring, code standards)
- Drive continuous adoption and integration of relevant new technologies into design
- Improve engineering standards, tooling, and processes

What we look for in you:

- BS/MS degree in Computer Science, Engineering or a related subject
- Working experience in developing applications with Python
- Solid understanding of Django
- Demonstrable knowledge of front-end technologies such as JavaScript, HTML, CSS & JQuery
- Experience developing highly interactive applications
- A firm grasp of object oriented analysis and design
- Passion for writing great, simple, clean, efficient code

If this sounds interesting to you, send us an email with your LinkedIn/Github profile(s) and a few sentences about yourself to jobs@zugvogel.com. We look forward to hearing from you!
